

Ibizair, OMNI Handling, United Aviation Services and VIPAero unite under a new group name:

STELLAIR

March 1, 2025 – The leading names in handling for executive aviation — **Ibizair, OMNI Handling, United Aviation Services** and **VIPAero** — are proud to introduce their new group named : **STELLAIR**. This premium network, comprising **41 stations** spread over **5 countries** and with more than **200 employees**, enhances executive aviation experience across the Iberian Peninsula and Africa.

The **STELLAIR** name will be used exclusively at group level as a corporate brand. The individual entities within the group will retain their existing names and continue to operate independently, ensuring they remain aligned with the specific needs of their respective markets and customers.

A Unified Vision, A Distinctive New Image

This transition presents a unique opportunity for each entity within the group to embrace a refined and harmonised visual identity, featuring a new logo and brand design that embodies Stellair's forward-thinking approach and commitment to excellence in executive aviation services.

The Stellair name is inspired by the Latin word *stellaris*, meaning "related to the stars". In English the term also signifies exceptional, outstanding or of the highest standard. The star in the logo is both a cross star and an abstract representation of an aircraft viewed from the front or rear. This rebranding marks a significant milestone in the group's journey, symbolizing guidance, design, modernity and excellence.

A Word of Gratitude

This new stage would not have been possible without the hard work and stellar reputation of our teams in each station and the hard work and creativity of Dragon Rouge, whose vision brought the Stellair name and brand identity to life. We also extend our gratitude to our Marketing Director, Charles Morand, for bringing the Stellair identity as well as each of the group brand's new identity to life.

About Stellair

Stellair is a group of four executive aviation handling companies, forming a premium network of 41 stations and FBOs across 5 countries in the Iberian Peninsula and Africa. As **market leaders** in their respective territories, we handle approximately **20,000 flights** per year. With an unwavering commitment to operational excellence, safety, and customer satisfaction, Stellair is redefining standards in executive aviation.
