Aviation

About Shujaa Aviation

Shujaa Aviation is one of the leading aviation service providers in Africa headquartered in Nairobi, Kenya. Our experienced agents are strategically placed in airports around Africa to provide world class services to our clients. We believe in quality services and we are always ready to provide them when called upon.

Our Mission

Our main aim is to provide our clients with world-class aviation services in different countries around the world.

Shujaa Aviation challenges itself to continue to develop and improve the provided services, using the innovation, technology and training programs to be able to exceed our client's expectations.

Our Vision

Long term goal is to be the leading aviation service provider in Africa by offering quality services, innovation and client's satisfaction.

Core values

1. Customer satisfaction
2. Integrity
3. Accountability
4. Innovation

Why Shujaa Aviation?

Committed to Quality

At **Shujaa Aviation**, we never compromise when it comes to providing quality services. Our main mission is to provide quality international standard aviation services in Africa. All the services we provide are technology driven and our experienced staff ensure that they are carried out in best possible way.

Dedication to Customer Service

We at **Shujaa Aviation** always treat our clients with respect and honor. All the services we offer to each of our clients are of high quality.

Competitive Rates

We always consider our clients budget and that is why our prices are transparent, competitive and tailor made to meet their specific needs.

Our Services

At **Shujaa Aviation**, we offer six highly sort after services within the aviation industry. The six are: Flight Planning, Ground Handling Supervision, Charter, Aviation Security, Over flight and Landing Permits, Aviation Fueling.

Flight Planning

Ground Handling Supervision

Charters

Aviation Security

Over flight & Landing Permit

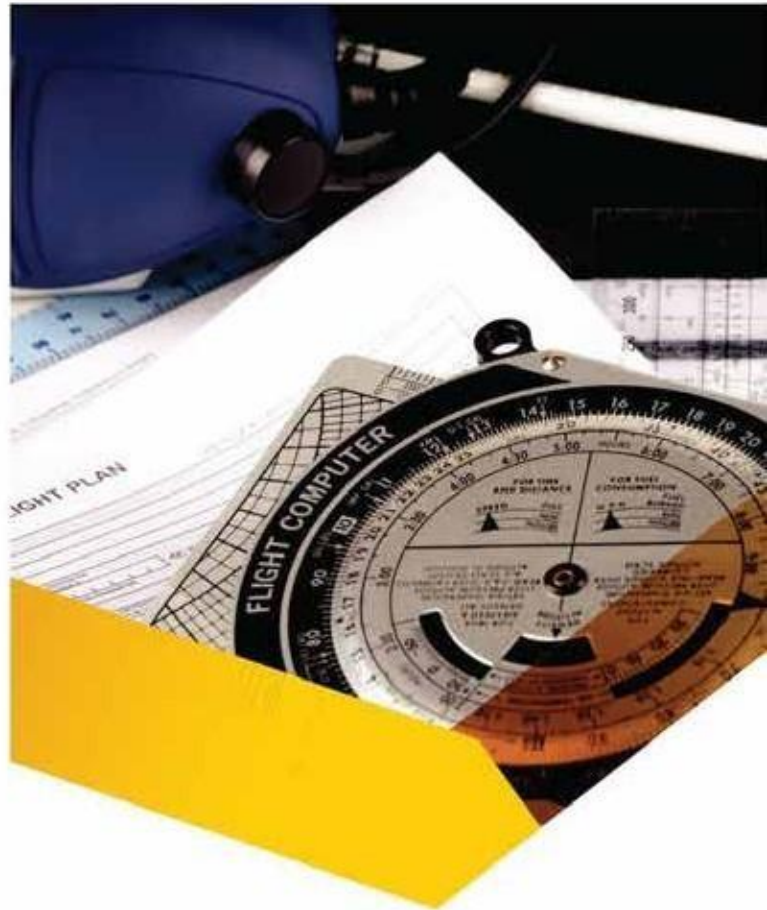

Aviation Fueling

Flight Planning

Shujaa Aviation provides state of the art flight plan. Our expert team can tailor a flight plan to any part of any part of Africa 24/7 whether you are flying to Nigeria, South Africa or any aerodrome of your choice; we are able to easily provide you with flight plans generated by an integrated software by our certified dispatchers.

At **Shujaa Aviation**, we pride ourselves on the accuracy of our data and offer a personalized aircraft model complete with precise fuel burns and flying characteristics unique to your aircraft.

Our flight plan package includes: Computerized Flight Plan, ATC Filing, En-route Weather, Updated NOTAMs, Graphical Weather Charts and Passenger Flight Route Briefing.

Ground Handling Supervision

Shujaa Aviation is the leading ground handling supervision and representation company in Africa especially in East Africa as it actively acts as intermediary between airlines and local ground handling companies in airports in Africa that are not the hubs of the airlines.

We choose competent ground handlers from our database for the job at hand and our team of professionals ensures that comprehensive care dedicated to your aircraft before departing and landing in cooperation with the contracted ground handling company.

At each airport, be it a remotely located airport, our professional staffs will coordinate, organize and act as your representative to ensure on time and well-coordinated turnaround of your flight.

Aviation Security

At **Shujaa Aviation**, we take Aviation Security seriously since we understand the existing threats and the need for strong aviation security measures. Our team of AVSEC Agents are well trained and have detailed knowledge of the International Civil Aviation Organization (ICAO) Annex 17 (1974) regarding Security for Safeguarding Civil Aviation Against Acts of Unlawful Interference.

We believe airports should be one of the safest places on earth since it is a connecting point between two places and that is why Shujaa Aviation is focused on keeping it safe by ensuring any person, object or cargo that is threat to the airport is eliminated without causing harm to the passengers.

Our services

1. **Security escort services**
2. **Passenger security services**
3. **Facilitation of deportees and inadmissible passengers**
4. **Cargo security services**
5. **Aircraft guarding services**
6. **Document check**

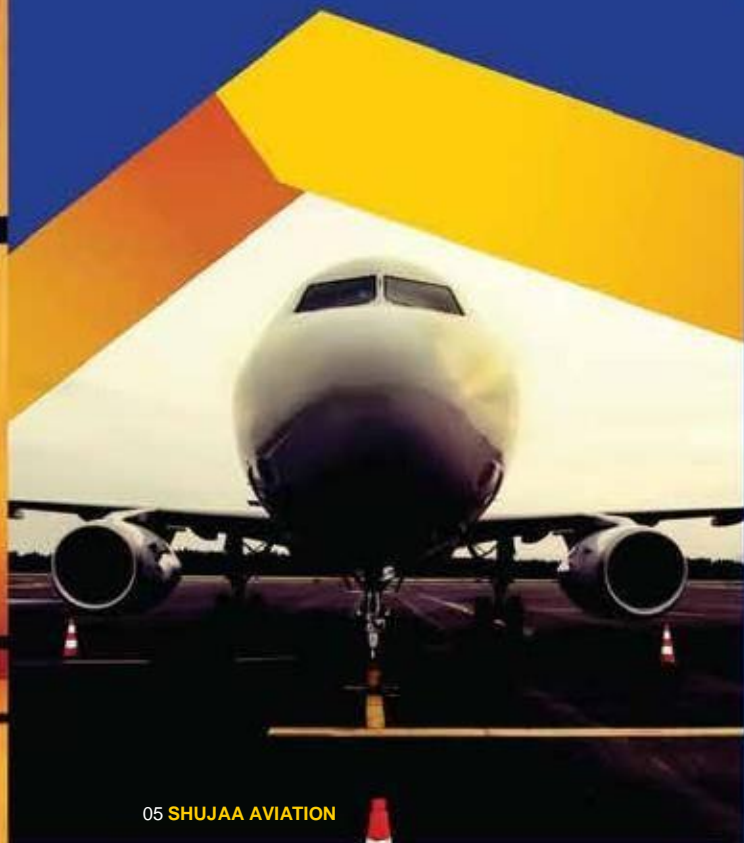

Charters

Through close relationship with different charter operators in different countries within Africa, our team is able to provide a world class charter solution even in the most remote areas. Shujaa Aviation has high skilled expert positioned to provide high level of charter services for our clients be it cargo, passengers, medical or corporate charter.

Overflight and Landing Permit

Flight Permits are required by an aircraft to overfly, land or make a technical stop in a country's airspace. Aircraft operators face challenges in terms of getting overflight and landing permit Africa that is why through our close relationships with most of the authorities in Africa we can obtain the permits in no time for our clients. Through our expertise and resources, we have the ability to secure all required flight permits in the fastest and most efficient way. You can request different types of permits.

Aviation Fueling

At Shujaa Aviation Limited, we pride ourselves in offering our clients the highest level of service and a new experience in the refueling business, hence fast gaining ground as the preferred refueling company in aviation. Our refueling facilities, quality standards and storage capacity allow for efficient servicing of our customer's needs.

When you must depend on a reliable source for your power generation fuel needs, look no further; trust us to offer you with fueling services that exceed your expectations every time.
